

The Kind of Love We Make

Luke Combs

We've been burning both ends
Keeping the lights on
So I've been thinking we need
A little time alone

So what you say we cancel our plans?
Tonight I'm only gonna be your man

Let's get some candles burning
And some records turning
All the lights down low
Take it nice and slow
The way your body's moving
Keep doing what you're doing to me all night long
Writing our love song
Girl, I want it, gotta have it
Let the passion take us to a higher place
Making the kind of love we make

There ain't no way, baby
To get me out this house
When you look this good
What could I even think about? Oh! Oh

Besides turn around and locking the door
Watching your red dress fall to the floor

Let's get some candles burning
And some records turning
All the lights down low
Take it nice and slow
The way your body's moving
Keep doing what you're doing to me all night long
Writing our love song
Girl, I want it, gotta have it
Let the passion take us to a higher place
Making the kind of love we make

Kind of love we make

So what you say we cancel our plans?
Tonight I'm only gonna be your man

Let's get some candles burning
Some records turning
All the lights down low
Take it nice and slow
The way your body's moving
Keep doing what you're doing to me all night long
Writing our love song
Girl, I want it, gotta have it
Let the passion take us to a higher place
Girl, I want it, gotta have it
Let the passion take us to a higher place
Making the kind of love we make
Kind of love we make
Making the kind of love we make
